

Newly designed Fluorescent Probes and Labels enabling Lifetime-based Sensors

Ewald Terpetschnig^{*}, Yevgen Povrozin[&], Anatoliy Tatarets[&] and Leonid Patsenker^{&,#}

^{*} ISS Inc., 1602 Newton Drive, Champaign IL, 61801, USA.

[&] State Scientific Institution "Institute for Single Crystals", National Academy of Sciences of Ukraine, Kharkiv 61001, Ukraine.

[#] SETA BioMedicals, LLC, 2014 Silver Ct East, Urbana, IL 61801, USA.

The presentation will outline the general concept of lifetime-based sensing based on the frequency domain method and will provide examples of labels that enable lifetime-based detection.
