

Be inspired.
Be Bayer.

At Bayer we're visionaries, driven to solve the world's toughest challenges and striving for a world where 'Health for all, Hunger for none' is no longer a dream, but a real possibility. We're doing it with energy, curiosity and sheer dedication, always learning from unique perspectives of those around us, expanding our thinking, growing our capabilities and re-defining 'impossible'. There are so many reasons to join us. But if you're hungry to build a varied and meaningful career in a community of brilliant and diverse minds to make a real difference, there's only one choice.

Intern Inhouse Consulting - Research & Development Strategies (m/f/d)

Where do you want to go?

Bayer Strategy & Business Consulting (S&BC) is one of Germany's leading inhouse consultancies and Bayer's partner of choice when it comes to management consulting. Here at S&BC we follow our mission to provide great project work for Bayer and drive talent development. Bring your expertise into Research & Development, one of our areas of expertise in our Inhouse Consultancy.

Do something that moves you.

- // Be a member of a consulting project team working on strategy, portfolio, process or organizational topics
- // Assist with project related activities to assuming project responsibilities of your own
- // Help in strategic assessments and evaluations
- // Support the team in developing proposals for change together with the client, based on solid analysis through workshops, interviews and desktop research
- // Get in direct contact with customers and fellow consultants
- // Help to drive and implement change for improving everyday work
- // Gain interesting and challenging insights into the Inhouse Consulting activities of a DAX company

Unlock your potentials.

If we sparked your interest and you want to be part of shaping the future, apply now and let us know why you're the one for the job! We encourage everyone to apply and grow with us.

- // Currently in the main study phase (at least in the fifth Bachelor semester) of a science, medicine, pharmacology, engineering, business or psychology degree course
- // First experience in consulting projects or life sciences industry, i.e. through previous internships
- // International experience, i.e. through studies abroad or internships
- // Excellent analytical and conceptual skills, professionalism, a rapid grasp of facts and enthusiasm
- // Excellent command of written and spoken English; German or further languages are of advantage

We offer you an internship starting in May 2023 or later for a period of up to 6 months and look forward to receiving your online application with complete documents.

Be part of something bigger.

For further information on entry and career opportunities at Bayer and details of our online application procedure, visit our website at www.bayerbusinessconsulting.com. We look forward to hearing from you.

 Science for a **better life**

Bayer welcomes applications from all individuals, regardless of race, national origin, gender, age, physical characteristics, social origin, disability, union membership, religion, family status, pregnancy, sexual orientation, gender identity, gender expression or any unlawful criterion under applicable law. We are committed to treating all applicants fairly and avoiding discrimination.
