

GESELLSCHAFT DEUTSCHER CHEMIKER

The Hannelore and Bernhard Kissler Scimus et Sciemus Foundation awards the

Scimus et Sciemus Prize

The Prize

The prize is awarded once for the first successful synthesis of either of the two highly symmetric structures **1,2,3,4-all-cis-tetravinylcyclobutane** or **2,4,6,8-tetramethylenetetracyclo[3.3.0.0^{3,7}]octane** („Stellatetraene“). The decision on whether a successful synthesis has been achieved rests with the Foundation’s Advisory Board. In each case the prize is endowed with 2000 Euros.

For more information, visit www.gdch.de/ses-stiftung.

Nomination

Nominations shall include a short cover letter, a curriculum vitae and a publication (article or dissertation) showing the synthetic route and contain a sufficient and unambiguous proof of the structure of each compound. Nominations should be submitted by

December 31, 2023 via www.gdch.de/nominations. Self-nominations are accepted.
