

10th International Conference
on Progress in Analytical Chemistry
& Materials Characterisation
in the Steel and Metals Industries

Düsseldorf – May 21-23, 2019
www.cetas2019.eu

Call for papers

AIM OF THE CONFERENCE

To bring together scientists from all over the world, working in connection with the steel and metals industries for an exchange of experience covering the analytical and characterisation techniques used in their industries.

The conference language will be English.

SUBJECTS

The conference will include invited lectures, papers and posters. Papers or posters may cover the following topics:

- Sampling and Samples Preparation
- Characterisation of Raw Materials and Final Products
- Cleanliness of Steel and Metal
- Characterisation of Surfaces and Coatings
- Micro and Nano Scale Characterisation
- Health & Environmental Analysis
- Innovative Analysis Techniques
- Traceability of Measurements (Standardisation, Reference Material, Proficiency Testing)
- On-line Sensors & Non Destructive Techniques
- Laboratory Management & Automation
- Recycled Materials & Urban Mining

LOCATION

AIRPORTHOTEL Düsseldorf, Germany, www.airporthotelduesseldorf.com

ABSTRACTS

The last deadline for abstracts is January 25th 2019.

The abstract must not be longer than 400 words (not more than one page) and provide sufficient information for a fair assessment. It must be written in English.

Please send abstracts by e-mail.

It should state clearly and concisely:

- the purpose of the work
- the method of approach
- significant results
- conclusions

Please also indicate if you want to present the paper orally or as a poster. In case of too many suggestions for oral presentations, the organising committee reserves its rights to put the paper into the poster session instead, as well as to reject a paper.

Authors will be notified of the decision of the organising committee by January 30th 2019.

PROCEEDINGS

Full proceedings will be published in English and circulated after the conference in autumn 2019.

Authors of accepted contributions will receive detailed instructions for preparation of their papers for publication in the proceedings.

EXHIBITION

Manufacturers and related companies interested in presenting information are invited to contact the conference organisers.

CONFERENCE FEE

400 Euros (included proceedings and the official dinner)

250 Euros for students (included proceedings and the official dinner)

ORGANISATION

Chairman CETAS

Dr. Hubert Duchaczek, voestalpine Stahl GmbH, Linz, Austria

Chairman of the conference "CETAS 2019":

Dr. Hans-Uwe Schmitz, AG der Dillinger Hüttenwerke, Dillingen, Germany

Organizer: Stahlinstitut VDEh, Düsseldorf, Germany

Countries / National bodies represented in CETAS:

- Austria
- Belgium
- Finland
- France
- Germany
- Hungary
- Italy
- Luxembourg
- Spain
- Sweden
- Switzerland
- The Netherlands
- United Kingdom

- AIM – Associazione Italiana di Metallurgia (Italy)
- ASMET – Austrian Society for Metallurgy and Materials (Austria)
- CRM Group (Belgium)
- DAAS - Deutscher Arbeitskreis für Analytische Spektroskopie (Germany)
- GDMB – Society of Metallurgists and Miners (Germany)
- Jernkontoret (Sweden)
- SASP - Swiss Association for Spectrometry (Switzerland)
- Steel Institute VDEh (Germany)

CONTACT:

Dr. Hans-Uwe Schmitz, AG der Dillinger Hüttenwerke

☎ +49 6831 47 27 74 📠 : +49 6831 47 33 32

📧 hans-uwe.schmitz@dillinger.biz

Dr. Bernd-Josef Schlothmann, Stahlinstitut VDEh

☎ +49 211 6707 443 📠 : +49 211 6707 447

📧 bernd-josef.schlothmann@vdeh.de

For Registration:

Annedore Zelle, Stahlinstitut VDEh

☎ +49 211 6707 441 📠 : +49 211 6707 447

📧 annedore.zelle@vdeh.de

Please let us know if you intend to participate at CETAS 2019 Conference on cetas2019@vdeh.de (This information will not be considered as an inscription).
