AIM OF THE CONFERENCE
The international symposium will focus on current developments, novel approaches and cutting-edge technologies in the field of medicinal chemistry and drug research with sessions on Chemical Proteomics – Activity based Protein Profiling, Macrocyclic and Covalent Inhibitors, Young Investigators, Novel Computational Methods, Epigenetics, and Highlights in Medicinal Chemistry and Case Studies. The scientific program will include lectures, and poster presentations. It is the goal of the organizers to make this meeting an event of scientific excellence, attractive to both industrial and academic scientists in Medicinal Chemistry, Chemical Biology, and related fields of research.

ORAL COMMUNICATIONS AND POSTERS
Please submit your scientific contribution exclusively via internet at www.gdch.de/medchem2020
A sample abstract is to be found on this website. No revisions or corrections will be made by the scientific committee.
After a successful transmission, you will receive a reference code for each submitted abstract. In case you should not have received this confirmation, please contact GDCh by e-mail tgonline@gdch.de and indicate the reference code of your paper.
The scientific committee reserves the right to accept or reject papers, and to assign them to oral or poster contribution.

DEADLINES
Submission of oral presentations December 5, 2019
Submission of posters December 5, 2019

SCHOLARSHIPS
The GDCh Division of Medicinal Chemistry offers a limited number of scholarships to student Division members in education presenting a scientific contribution (main author of an oral contribution or poster). Please send your application (form on the internet at www.gdch.de/medchem) until December 5, 2019 latest.

AWARDS / POSTER AWARD
The program will contain a poster session. The best posters will be awarded and presented as a short presentation (10 min.).

REGISTRATION
Registration will start with the second circular (approx. in december 2019).
