## CONFERENCE FOCUS

The international symposium will highlight current developments, novel approaches, and cutting-edge technologies in the field of medicinal chemistry and drug research.

The scientific program includes plenary lectures, short talks, and poster presentations. Oral communications and (post)doctoral junior scientists (young investigators) will be considered.

Registration will be possible after the second circular has been published (expected January 2019).

### ORAL COMMUNICATIONS AND POSTERS

Please submit your contribution exclusively via  
[www.gdch.de/medchem2019](http://www.gdch.de/medchem2019).

An abstract template can be found on this website. Please note that no corrections or revisions will be made by the scientific committee!

You will receive a reference code for each submitted abstract. In case you should not receive the respective confirmation, please contact the GDCh at [tgonline@gdch.de](mailto:tgonline@gdch.de).

The scientific committee reserves the right to accept or reject papers as well as assigning them to oral or poster contributions.

### DEADLINES

|                                  |            |
|----------------------------------|------------|
| Submission of oral presentations | 18.01.2019 |
| Submission of posters            | 01.02.2019 |

### SCHOLARSHIPS

The GDCh division of Medicinal Chemistry offers a limited number of scholarships to student Division members in education presenting a scientific contribution (first authorship of a poster or an oral contribution). Please send your application until 31 January 2019 (template available at [www.gdch.de/medchem](http://www.gdch.de/medchem)) latest.

### AWARDS

The program includes a poster session. The best posters will be awarded and presented as short communications (10 min).
