

► NUMBER OF PARTICIPANTS

The number of participants is restricted to 500. Active participants and members of the division will be preferentially registered.

► CONFERENCE PROGRAM

The final program will be available in May 2016. For a printed version please contact the conference secretary. A digital version will be available via:

www.gdch.de/icccm2016

► SOCIAL PROGRAM

Munich located in the south of Germany is a charming city re-known for its many historical sites, arts and science museums and the famous English garden. An attractive social program, including welcome reception, get-together with exhibitors and conference dinner will accompany the scientific program, allowing ample opportunities for interactions among the conference participants.

More information about the city can be explored on the official web site of Munich: www.munich.de. More details on the social program will be given in the program in May 2016.

► ACCOMMODATION

Munich offers a very good public transport system and you have different connections to the conference location. You can choose from a variety of hotels within the city, but there are also reserved accommodations near the conference location. You will get more information with the program in 2016.

► INFORMATION ABOUT THE SCIENTIFIC PROGRAM

Prof. Dr. Johann Plank
Technische Universität München
Lehrstuhl für Bauchemie
Lichtenbergstr. 4
85747 Garching
Germany
Phone: +49 89 289-13151

► LOCAL ORGANIZATION

Timon Echt
Phone: +49 89 289-13151
E-mail: sekretariat@bauchemie.ch.tum.de

► CONFERENCE SECRETARY

GESELLSCHAFT DEUTSCHER CHEMIKER e.V.
Claudia Birkner – Congress Team
Postfach 90 04 40
60444 Frankfurt am Main
Germany
Phone: +49 69 7917-366
E-mail: tg@gdch.de

Executive director: Professor Dr. Wolfram Koch
Registered charity no: VR 4453 · Registergericht Frankfurt am Main

2nd International Conference on the Chemistry of Construction Materials

October 10 – 12, 2016
Munich, Germany

Technische Universität München

www.gdch.de/icccm2016

The Chemistry of Construction Materials Division of the German Chemical Society (GDCh), invites you to participate in the

**2nd International Conference on the Chemistry
of Construction Materials**

October 10 – 12, 2016 in Munich, Germany

► **CONFERENCE LOCATION**

Technische Universität München
Eberhard von Kuenheim-Building
Lichtenbergstr. 4
85747 Garching
Germany

► **AIM OF THE CONFERENCE**

The conference aims at providing an inspiring forum for scientists from university, research facilities and industry to present results, to discuss and to focus on the forthcoming challenges.

Interdisciplinary presentations in all fields of construction materials science will show the many different perspectives of the topic.

► **SCIENTIFIC COMMITTEE**

M. Geiker	Trondheim/NO
F. Götz-Neunhoeffler	Erlangen/DE
J. Ideker	Oregon/US
X. M. Kong	Peking/CN
G. Le Saout	Ales/FR
U. Peter	Nivelles/BE
J. Plank	Garching/DE
D. Stephan	Berlin/DE
K. Van Balen	Leuven/BE
F. Winnefeld	Dübendorf/CH
R. Zurbruggen	Sempach/CH

► **MAIN FOCUS OF THE CONFERENCE**

The conference will follow the successful format of the previous meetings with a broad subject in all fields of the chemistry of construction materials. The conference topics include:

- **Sustainable construction materials**
 - Low energy binders
 - Construction materials & natural environment
 - Construction materials & health
 - Microplastics recovery & water quality
- **Chemical admixtures**
 - Superplasticizers
 - Polymer latex
 - Biopolymers
 - Other admixtures
- **Formulations & mortar technologies**
 - Dry-mix mortars
 - Ready-to-use mortar
 - Adhesives, sealants and coatings
- **Microstructure & material properties**
 - Porosity and transport phenomena
 - Durability
 - Mechanical properties
 - Analytical methods
- **Surface functionalization – macro & micro**

► **PROCEEDINGS**

Contributions (poster and oral presentations) will be published as conference proceedings.

► **ABSTRACT SUBMISSION**

The Scientific Committee cordially invites you to submit scientific contributions to our website:

www.gdch.de/icccm2016

Please adhere to the guidelines for abstracts on the website. An abstract template for submission will be provided for authors. The Scientific Committee reserves the right to accept or reject papers, and to assign them to oral or poster sessions.

► **DEADLINES**

Submission of abstracts	January 20, 2016
Notification of abstract acceptance	April 2016
Final paper submission	July 15, 2016
Submission of last-minute-posters	September 15, 2016

► **SCHOLARSHIP**

The Chemistry of Construction Materials Division awards a limited number of scholarships to PhD students and other research fellows who are member of the division. An active contribution (oral presentation or poster) to the conference is required.

Applications have to be submitted until **1st of July 2016** to Dr. Susanne Kühner (s.kuehner@gdch.de).

More information is available here:
